'Iron Swords' – Letter No. 6

Dear members of the association and all generations of the family of the IDF Signal Corps,

For the past 13 months, the State of Israel is engaged in the "Iron Sword" war, on seven fronts, including Gaza, Lebanon and the West Bank. This costs us a heavy price of having murdered, fallen, wounded, kidnapped and missing persons.

Our forces have many successes and victories, but the campaign continues and the IDF fights fiercely and resolutely to achieve victory and return of the hostages.

The Signal and ICT Corps, with its soldiers and commanders, regular and reserve, has been participating in the combat effort since its inception, and unfortunately has so far paid a heavy price in loss of life and wounded. More families joined the bereaved families of the Corps.

As mentioned, the association is committed to the effort. We expanded the activity while supporting and allocating resources and funds to bereaved families in need, as well as raising the fighting spirit in the Signal and ICT Corps units deployed in the various combat sectors. We distributed 4,800 personal gift kits to male and female soldiers, equipment for the summer and previous winter. **The thanks we received from the field were moving and numerous.**

The Association site in Yehud-Monosson continues its extensive activity: hundreds of soldiers and officers participate in courses and continuing education, screening and assessment centers. Bahad 7 continues to hold heritage tours, parades, ceremonies and various events at the site.

We once again appeal to the members of the association and the family of the Signal and ICT Corps: Get "under the stretcher" and help us with the donation campaign. **We ask you to continue to strengthen and support** our soldiers and bereaved families of the Signal and ICT Corps, as long as necessary, in the long and difficult war that awaits us in the various sectors.

Come join the organization as a member and make your personal contribution, recruit additional members in Israel and abroad, and add new members to the organization.

Let's make a personal donation of NIS 360 or any other amount as your heart's alms, knowing that we can support the needs of the soldiers of the Signal and ICT Corps, regular and reserve, in the coming winter.

Our thanks are given to you in advance!

For those of you who have friends in the US – Your donation is approved for tax credits (especially now towards the end of the tax year).

We, the members of the Association for the Commemoration of the Fallen of the Signal and ICT Corps, bow our heads to the fallen, wish recovery to the wounded and pray for the safe return of the abductees and IDF soldiers.

Am Yisrael Chai!

Brig. Gen. (Res.) **Moti Bar-Dagan**, Chairman
